"The Road to success is not to be run upon seven league Boots. Step by step, little by little, bit by bit that is the way to wisdom and that is the way to glory". Our school is co-educational institution affiliated to CBSE vide Aff.No. 1630136. The school is running under the guidance of worthy **Mr. M.L. Sharma (National Awardee)-Director Sir, Dr. Rajesh Sharma -Chairman, Dr. Shalini Sharma -Co-Ordinator**. The school has two wings. Mrs. Simrat Kaur is taking care of junior wing as headmistress. Highly educated staff in both the wings work in partnership with students and parents to provide the best education. For this we at S.S Bajwa Memorial Public School believe with conviction that the entire education system needs radical changes at all level and a more dynamic approach in order to explore the hidden potential and dimension of human personality. We do not believe in academic growth of a child but take care of student's physical emotional, moral and cultural needs to enable them to lead a life of dignity and success. We at S.S Bajwa Memorial Public School also take care of every aspects as mentioned below: which, would be the makeup of the "Perfect school" from the Eyes of the Students.

IN MY CLASSES:

- II. I want to see colorful bulletin boards and other educational displays;
- III. I want my teacher to state clearly what is expected of me;
- IV. I want home work to be emphasized in my classes;
- V. I want to know that the teacher cares about me as a person;
- VI. I want variety of teaching methods /activities in my classes;
- VII. It is important that each class start with review;
- VIII. I want to see or hear examples of what is to be learned;
- IX. I want to be able to judge my own progress;
- X. I want a variety of ways to demonstrate trace what I am learning;
- XI. I want my teacher to help me learn how to make notes;
- XII. I want my teacher to encourage me when I am facing new material.
- XIII. I want my teachers to present information in a way that allows me to have a 'Picture' in my mind of what is being taught;

In a nut shell, I would say it is a long journey & a long way to go

The school has solid academic base, transport facilities, purified water, CCTV cameras for security purpose, various labs- Chemistry Lab, Physics Lab, Biology Lab and Computer Lab, well- established library, smart class rooms.
